

2017-2018 Grand Marais Safe Routes to School Map: Walking and Biking Routes

SAFE ROUTES TO SCHOOL

Recommended Walking & Bicycling Routes
in GRAND MARAIS, MN

www.cookcountyschools.org
www.greatexpectationsschool.com

These recommended routes are based on cleared & maintained sidewalks for walking routes, the Gitchi Gami bike trail for bicycling routes, and intersections or major roads where there is a crossing guard. The SRTS Coordinator is available to assist families in considering what routes are the best options for their students.

Walking School Bus (WSB)

Walking School Buses are groups of people walking or biking to school together on specified dates. The WSB's meet at 3 locations in Grand Marais:

West WSB arrive at 7:30-39 am, leaves at 7:40 from the sidewalk in front of Birchwood Apartments on County Road 7.

Central WSB arrive at 7:20-29 am, leaves at 7:30 from the Courthouse parking lot.

East WSB arrive at 7:30-39 am, leaves at 7:40 from County Rd 7 & 7th Avenue East.

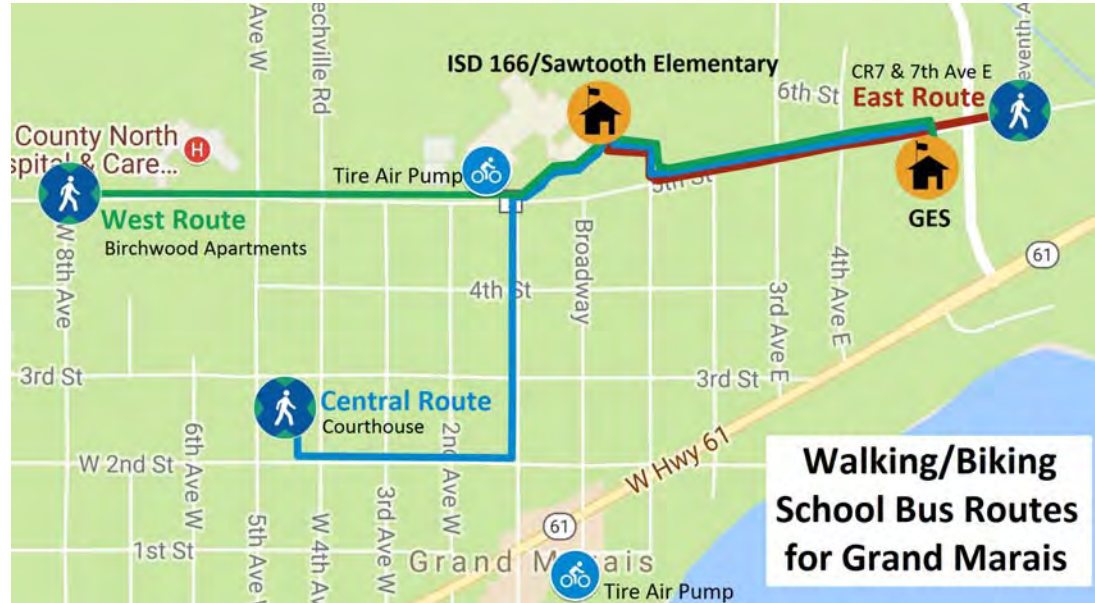

Each WSB stops at ISD 166 and GES on time for school to begin. If you normally get a ride to school, come in a little early to meet at one of the WSB locations and walk or bike with your friends! Law enforcement and local community leaders will accompany each WSB.

Walking/Biking Wednesdays

While every day is a great day to walk or bike to school, every Wednesday this fall will be a Walking/Biking Wednesday!

SAFE ROUTES TO SCHOOL

Join us for 2017

Walking School Buses on:

- **Wednesday, September 20th**
- **Wednesday, October 4th**

Mark your calendars today!

Questions or want to help with a Walking School Bus this fall?

Contact Maren, SRTS Coordinator, at 218-387-2330 or maren@sawtoothmountainclinic.org

Have a low bike tire?

Check out the bike maintenance station in front of the YMCA – complete with air pump and bike tools!

Students wanting to make a connection between their home and the recommended routes (on reverse) are encouraged to walk or bike the route with a parent or guardian. Once a student and guardian set a route, it is best that the student follow it consistently so that an adult knows where the student is traveling. Please note that the Safe Routes to Schools group, Minnesota Department of Health, and Statewide Health Improvement Program work together to encourage walking and bicycling to school, but do not ensure safety or assume liability for anyone's commute to or from school. Enjoy a safe and active school year!

Walk Left ← REMEMBER → Ride Right
